Dear Dealer:

The digging, shipping and planting of Peonies and Irises are now at the height of the season.

Are you adding to your planting as you should? Do you realize these new varieties will be the big sellers of the future, and to have stock you must begin to propagate?

As a special inducement for Dealers to increase their assortments

I am offering a discount of 33 1/3 from all my <sup>single</sup> catalogue prices, if ten or more plants are ordered, (Mrs. A.M. Brand and Myrtle Gentry) excepted.

Can also still supply the following Peonies in quantities of 5 or more.
